Countdown to Christmas: Solstice

STEP 1. MAKE UNIT A

On the wrong side of 2 turquoise print 3" squares, use a pencil to lightly draw a diagonal line from corner to corner. Layer a marked turquoise print square atop a blue print 3" square with right sides together. Stitch the pair together a scant $\frac{1}{4}$ " from either side of the drawn line. Cut the pair apart on the drawn line to make 2 half-square triangles. Press seam allowances toward the blue and trim the HSTs to measure $2\frac{1}{2}$ " x $2\frac{1}{2}$ ", including seam allowances. Repeat to make 4 HSTs.

Sew a blue print $2\frac{1}{2}$ " x $2\frac{1}{2}$ " square to the left side of an HST from step 2 paying careful attention to the orientation of the HST. Sew a blue print $2\frac{1}{2}$ " x $4\frac{1}{2}$ " rectangle to the top of the blue $2\frac{1}{2}$ " square/HST unit as shown to make a Unit A. Repeat to make 4 Unit As.

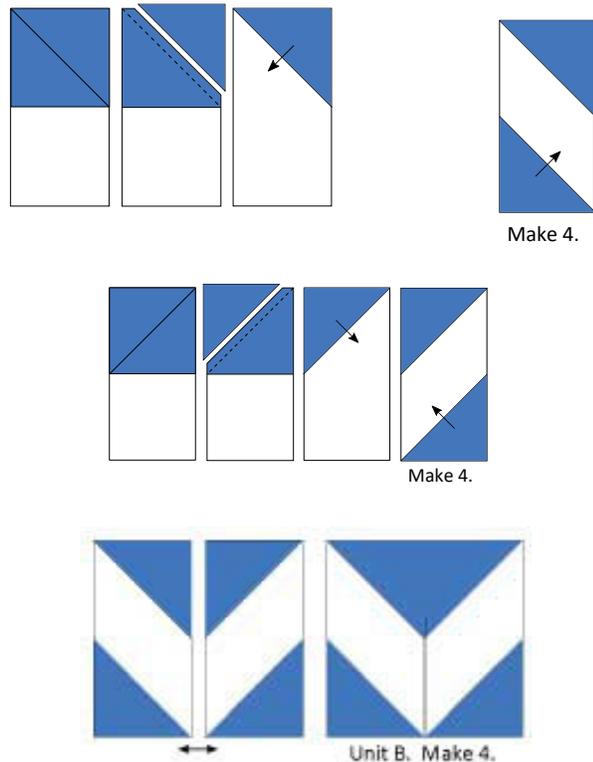

STEP 2. MAKE UNIT B

On the wrong side of 16 blue print $2\frac{1}{2}$ " squares, use a pencil to lightly draw a diagonal line from corner to corner. Layer a marked blue print square atop one short end of a white print $2\frac{1}{2}$ " x $4\frac{1}{2}$ " rectangle with right sides together, paying careful attention to the orientation of the stitching line. Stitch the pair together on the drawn line. Trim seam allowance to $\frac{1}{4}$ " and press toward the white print.

Use the same stitch-and-flip method to sew a blue print $2\frac{1}{2}$ " square to the opposite end of the white print $2\frac{1}{2}$ " x $4\frac{1}{2}$ " rectangle, paying careful attention to the orientation of the stitching line to make a left chevron unit. Repeat to make 4 left chevron units.

In the same manner, use 8 remaining marked blue print $2\frac{1}{2}$ " squares and 4 white print $2\frac{1}{2}$ " x $4\frac{1}{2}$ " rectangles to make 4 right chevron units.

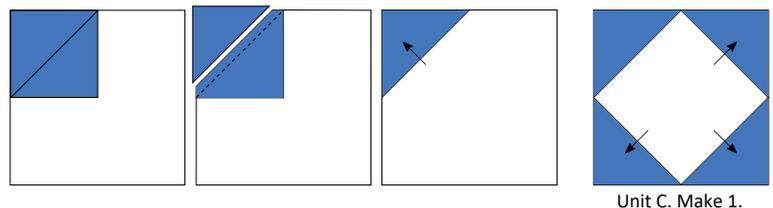

Sew together a left chevron unit and a right chevron unit as shown. Press seam allowances open to make a Unit B. Repeat to make 4 Unit Bs.

STEP 3. MAKE UNIT C

On the wrong side of 4 blue print $2\frac{1}{2}$ " squares, use a pencil to lightly draw a diagonal line from corner to corner. Layer a marked blue print square atop one corner of the white print $4\frac{1}{2}$ " x $4\frac{1}{2}$ " square with right sides together. Stitch the pair together on the drawn line. Trim seam allowance to $\frac{1}{4}$ " and press toward the white print.

Use the same stitch-and-flip method to sew blue print $2\frac{1}{2}$ " squares to the remaining corners of the white print $4\frac{1}{2}$ " square to make a Unit C.

STEP 4. ASSEMBLE BLOCK

Lay out 4 Unit As, 4 Unit Bs, and Unit C in 3 horizontal rows as shown. Stitch together the pieces in each row, pressing the seam allowances open.

Stitch together the rows. Press the seam allowances open to finish the block.
