# ASSEMBLY INSTRUCTIONS:

**Please note:** Applique instructions are for needle turn applique. Please use your preferred method when completing applique. Applique Templates A-S do not include a 1/4" seam, therefore the printed size of each template is the finished applique size. **Templates are not reversed.**

1. Print the appropriate set of applique templates for the block size you wish to create. (4" finished, 6" finished, 8" finished or 12" finished)
2. Trace Templates A-S onto the matte side of Freezer Paper. You will need (2) P Templates and (2) Q Templates. The remaining templates should only be traced once.
3. Cut the shapes out, exactly on the line.
4. With the shiny side down, iron the freezer paper onto the right side of the fabric. Freezer Paper should adhere to the fabric.
5. Lightly draw around the shape with a chalk marker.
6. Cut out each applique shape about 1/4" outside of the Freezer Paper shape. Pull the Freezer Paper away.

7. Pin the appliques onto the background fabric square in stages as shown. Stitch in place, using your needle to turn under the seam allowance as you stitch. (On inward curves, clip the seam allowance almost to the marked seamline to make turning the edge easier.)
8. Repeat for all appliques until the block is complete.

9. Press the block on the wrong side. Refer to Page 1 for finished and unfinished block sizes.
