PIECING INSTRUCTIONS

1. Use your Sampler Spree Book to select either (1) block as shown in Susan's quilt or an assortment of blocks to create the quilt size of your choice. Blocks should measure 6 1/2" x 6 1/2" unfinished.
2. Arrange blocks in a horizontal grid. Depending on the quantity of blocks chosen, the size and shape of the quilt can be changed and customized.
3. Sew block rows together, either alternating the direction in which you press the seams in each row or press open. If pressing seams open, backstitch at the beginning and end of each seam.
4. To add a pieced border as shown in Susan's quilt, use 2" x 6 1/2" print fabric rectangles along the sides and 2" x 8" print fabric rectangles at the four corners of the quilt. The quantity of print fabric rectangles used along the sides of the quilt should be equal to the number of blocks. For example, Susan's quilt uses an 8 x 8 block grid. There are (8) 2" x 6 1/2" print fabric rectangles along either sides of the quilt. (6) 2" x 6 1/2" and (2) 2" x 8" print fabric rectangles are used along the top/bottom of the quilt.
