Mini Magic Clips

Taylor Seville Originals' Magic Clips are ideal for holding several layers of fabric together for hemming, quilting, patchwork, embroidery & many other craft projects. A great alternative to pins as they do not leave a mark on the materials used. These clips are made of quality stainless steel and plastic. Mini Magic Clips have markings at 1/4" increments. The clips are flat and can easily go under the presser foot with a 1/8" clearance to the needle tip.

Clips measure: 1-7/16" long x 7/16" wide
