Stitching with Jenelle...

- The name of the block is Cooee - pronounced Kooo-EEEE, as in "seek"! You should "Cooee" when you're in the Australian bush because the sound travels and echoes. It's very helpful if you're lost, because if you're "within cooee", then you're within earshot!
- The quilting tip I wish I'd learned when I first started is... to use Fork Pins to match your nested seams.
- My best advice to new quilters is to... choose fabric you love!
- When it comes to quilting/sewing tools, don't get between me and my... Perfect Circles for appliqué.
- Don't tell anyone, but when I'm sewing, I don't worry about... I don't worry about what's for dinner! If you want a sewing related answer, I would say, trimming my threads, I leave them dangling and trim when I'm finished.
- My "rock-star stitch group" includes... includes dessert, but if you want people I would say my Friday night stitching friends that we have nicknamed the 'winers club'!
