**Stitching with Anne...**

- The quilting tip I wish I'd learned first started is... the importance of an accurate 1/4” seam and how to mark it on your machine.
- My best advice to new quilters is to... buy quality fabric which is available at your local quilt shop.
- When it comes to quilting/sewing tools, don’t get between me and my... appliqué scissors!
- Don’t tell anyone, but when I’m sewing, I don’t worry about... cooking dinner. It’s take-out or frozen if I’m still sewing around dinner time.
- My “rock-star stitch group” includes... any of my Moda friends.
