WHAT'S NEW FOR ENGLISH PAPER PIECING

This modern table runner is based off of a modified version of a flying geese quilt. A simple block construction uses equilateral triangles and half hexagons to create an elongated hexagon block. English Paper Piecing makes the Y-Seams stitch together with ease. English Paper Piecing is an old method of quilt making, used for many years because of its accuracy and ease of construction. This is still true today, offering a portable project that fits today's lifestyles.

Stk# FLOCKED 038

Tula Pink uses the art of Alchemy to magically transform an array of simple hexagons into a colorful mosaic of medallions. Designed as a row-by-row quilt, Alchemy emphasizes color placement, working with variations of a single hue to create a larger pattern. The rows interlock, forming a gradient down the quilt top, so the placement of the pieces does the visual work in this quilt.

C. Alchemy Acrylic Fabric Cutting Template is made with special transparent pink acrylic & is perfect for fussy cutting Tula's Pom Pom's fabric using the center circle.

Iron On/Semi Water Soluble Templates

EPP (English Paper Piecing) Iron Ons are die cut from Hugs'n Kisses applique paper. This paper is 50% water soluble with a light glue coating on one side. To use, the shapes are fused to the wrong side of the fabric, roughly cut out with an approximate 1/4" seam allowance, glued over and then stitched together by hand or machine. The papers **DONOT** need to be removed. If washed the 50% stiffener will dissolve and remain in the project as soft natural fibers.

****Note that the papers may have slightly browned edges due to the nature of the laser, however this will not affect their usability in any way.****

EMBROIDERY STITCH TEMPLATES

Easy to use clear acetate Embroidery Templates! You will appreciate how versatile these templates are, use them along a seam or for adding stitching embellishments. Flip them over to create mirrored patterns or combine them for even more complex designs.

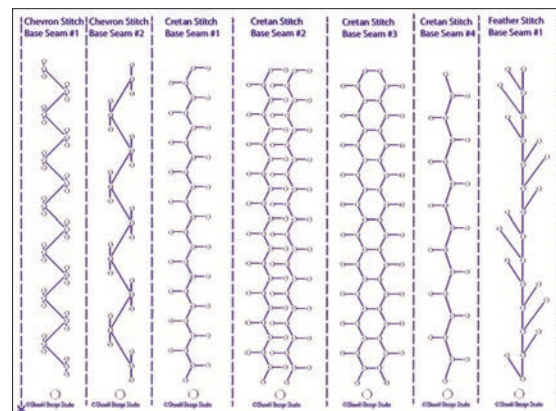

The templates can be used in sewing, quilting, embroidery and other crafts where a beautiful hand stitched design is desired. While these templates can be used "as is", our recommendation is to cut them apart into individual seam/motif templates. Dashed lines are included between the individual templates, so you can easily see where to cut them apart, a pair of utility scissors is all you need.

Each individual template also has a single, slightly larger hole punched out near the end, so that the entire set can be easily organized by placing on a key/binder ring or tied together with cording/ribbon, etc.

Basic instructions are included, however if you would like more detailed inspiration see Kathy Seaman Shaw's books below by C&T Publishing.

CAKE & CUPCAKE MIX RECIPES

(Foundation Paper Piecing)

What is a Moda Cake Mix? It's a recipe for block parts that makes baking a Layer Cake quilt easier than ever. This unique triangle paper is designed to work in conjunction with Moda's 10" square Layer Cakes. There are also Cupcake Mixes for the 5" Charm Packs!

Each tablet has 44 sheets – one for each layer in a Layer Cake or Charm Square – and a couple of extras for practice. Each pad also includes a few simple block and layout ideas – just add 1 or 2 Moda Layer Cakes or Charm Packs and you're ready to start stitching. There are twelve different Cake Mixes and four different Cupcake Mixes available... [Check the Moda Fabrics website for free Cake Mix recipes like this one.](#)
