CONSIDER HOW THE WILD FLOWERS GROW -LUKE 12:27

ROBIN  PICKENS

## MARCH DELIVERY

Imagine a rainbow of colors, vibrant, free, and bursting with life in Wild Blossoms. Wildflowers are these brave and bold blooms that proudly show their spirit and beauty. They are not afraid to grow in the most unexpected places.

Whether it is a field strewn with goldenrod or Queen Anne's lace adding splendor to the landscape, the range of textures and colors from these wild blossoms is a delight. Bumblebees visit the pink clover and bluebonnets stand tall with pride. Orange poppies dance with yellow daisies. With Wild Blossoms, I wanted to show the rainbow of colors in a big width-of-fabric print. This ombre panel (12" continuous repeat) blends from color to color along the rainbow, with our busy bees visiting along the way. The WOF print allows you to use it in one big stretch as the rainbow, or cut it up to have fun with all the colors and flowers as you choose. I truly thought of this as a symphony of color with wildflowers.

RPQP JT147 Joyful Trio 60" x 67"

Coordinates for this group separate out some of the flowers, so the bluebonnets can be the star on their own, or golds and oranges of daisies and poppies bring a sunshine feel. Queen Anne's lace brings softness with pretty butterflies adding a pop of accent color. The "Leafy World" print brings a mix of colors or monochromatic palette with all different types of leaves. A little flower drawing, "Little Wild Things," brings all the flowers together in a simple drawn way. What if you want to show off your wild blooms at home? The print with canning jar vases displaying these wild beauties does just that. A sketchy little diagonal line print of blotted graph paper adds a subtle texture to mix and blend.

Wild Blossoms coordinates with colors from existing Thatched basics so it is easy to blend and extend the colors even more. The colors in the line range from Thatched Cream, Early Dawn (pink), Berry, Scarlet, Apricot, Buttercup, Chartreuse, Grass, Mist (light blue) and Navy.

Get ready for colorful blooms coming your way with Wild Blossoms in March 2023.

FIG TREE & CO

Vintage fruit flour sack fabrics, canning labels, orchard crates... I am mesmerized by the beautiful images, colors and the nostalgic feel of these images from our past. This collection is my ode to all things vintage fruit with a few of our all time favorite fruit prints brought back to life along with some new friends to join the medley. Colors range from our classic Fig tree navies and cornflower blues all the way up the color palette to ivories and soft yellows. # Sunnyside

by camille roskelley

One of my favorite classic songs is called “On the Sunny Side of the Street” and it puts a smile on my face every time I hear it:

*“Grab your coat and get your hat  
Leave your worry on the doorstep  
Just direct your feet  
To the sunny side of the street  
Can’t you hear a pitter-pat?  
And that happy tune is your step  
Life can be so sweet  
On the sunny side of the street”*

Inspired by this cheerful song, my new Sunnyside collection was such a ray of sunshine to design. Staying true to my favorite vintage modern style, it is full of beautiful vintage florals complimented by sweet basics in a fresh new color palette. Coastal blues blend with olive greens, mulberry, coral pinks, and even some soft oranges for added sunshine to create a timeless feel. It is such a joy to sew with, and sure to brighten even a cloudy day. Come join me on the sunny side of the street.

# *Florence's Fancy*

## 1860-1900

Betsy Chutchian

From fanciful flowers to practical prints, checks and stripes, Florence's Fancy tells the story of two women named Florence, grandmother Mary Florence and granddaughter, Florence Marie. Wife of a doctor, Mary Florence Gough Carpenter, 1867-1931, raised her five children in North Texas and a vacation home on the Gulf during the Gilded Age near the end of the 19th Century and early 20th Century. A gourmet cook, Mary Florence set elaborate tables of silver, china and cut glass, complete with equally elaborate floral arrangements from her gardens. In contrast,

BCD 1703 Plain & Fancy 54" x 63" JR Friendly

BCD 1702 Doctor's Wife 53" x 74" AB Friendly

her granddaughter, Florence Marie Carter Reed 1920-2013 (my mom), was practical and frugal with her life framed by the Great Depression. Mom's cooking was nothing fancy, just delicious home cooking served on a simple, yet beautiful table with an occasional vase of flowers.

These two women, one whom I never knew, shared something else in common, neither made quilts! As I gather memories to combine with beautiful florals and prints, I realize I have so many questions as we are products of our surroundings, and those who have gone before. I'm glad for what I do know, happy to have inherited some of Mary Florence's furniture and dishes, and my mom's cooking skills, but really happy that the love of quilts and making them, skipped their generations to find me!

# Vista Toweling and Wovens

## Pieces TO Treasure

BY JENELLE KENT

Vista: a pleasing view.

Wherever I go I like to find time to take walks in the natural environment and enjoy the views. I am always struck by how Mother Nature has combined the colours and textures to make the scenic vistas just perfect.

I am inspired by how the mossy greens of the trees and plants, meet the rusty coloured tree trunks and jagged, rocky cliffs which plunge into the deep blue sea. The warm whites and subtle neutrals of the sand and river pebbles add texture and contrast to nature's palette.

Vista's woven stripes and checks will add texture, dimension and directionality to quilts and other projects. The variety of scale in this collection provides versatility and individuality for your

quilting creations. Select from this range to create contemporary, masculine or scrappy looking quilts or aim for gentle, neutral quilts with a hint of leafy green for a soft and pretty project.

With thirty woven fabrics to choose from, combined with twelve 18" wide towelings to create coordinating pillows, table runners and more, whatever project you choose to stitch, this line will combine to create your own beautiful vista.

JC 244 Abracadabra 64" x 64"

JC 204 Mizmaze 72" x 72"

I love playing with scissors, paper and glue and have kept a scrapbook for many years. I also often find myself painting doodles on large sheets of paper with my beloved indigo ink and the thought occurred to me that combining these two loves could create fun and interesting abstract fabrics.

So many happy hours painting and cutting later the fabrics are here! And now we'll be able to cut and piece them again, creating stitched collages with our 'Collage'!

Happy collaging,  
Janet x
