If it looks like there are some pumpkin, butterscotch and apricot-ish blocks... that's okay. Use the Yellow and Golds that you like, that fit in with your colors.

Our sweet friends at Martingale put together another slide-show of the blocks - in Yellow!

We're also sharing a second setting option this week - On Point With Sashing.

Using 61 blocks, this quilt will finish at 70" x 70".

The instructions can be found here - *Sampler Spree Diagonal Setting With Sashing*.

The other thing to share this week are blocks by the friends we invited to quilt-along with us.

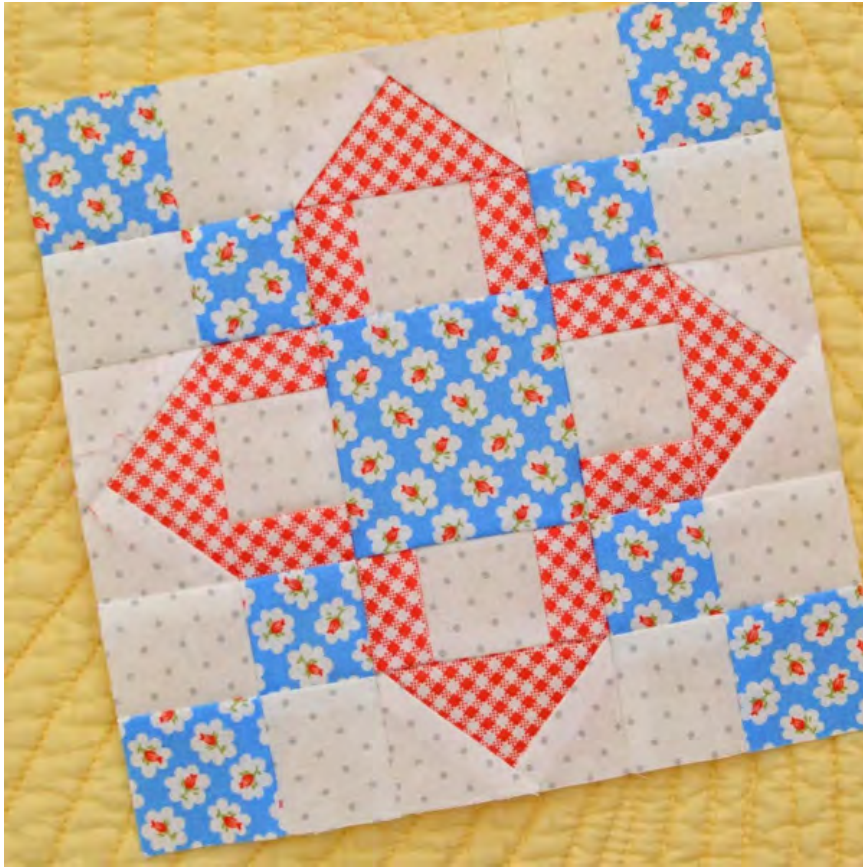

[Kristine](#) is using a mix of Basic Grey pieces from Cider and Persimmon, a bit of Fig Tree, and mixed backgrounds. She's decided not to sew entirely by color because she's making a smaller quilt. She did make a few blue blocks, with more to come.

[Hildy](#) is using her Bonnie & Camille collection for her blocks, and she's mixing up the colors each week.

[Greg!](#) He's sharing one block each day. (Even though we think he's already finished all of them... lol)

[Susan V.](#) - Sophie's Mom - is using some of her Fig Tree scraps for her blocks.

And Erica... she's using an Americana mix of Minick & Simpson fabrics for her blocks.

That's it for this week!

Be sure to share your blocks on social media - [#samplerspreeqal](https://www.instagram.com/samplerspreeqal)
