

## SAMPLER SPREE QAL - WEEK 7

It's true! It's been written about for years, there are "magic colors" that add a spark - a bit of wow - to scrap quilts. Pink, coral and purple are on that list.

This is a very quirky assortment here, and I'm not sure they all work. But I rather like them, and mixed with other things for sampler blocks... they would work. Just remember Susan's Tip on Page 17 - use the fabric an odd number of times.  
Week 7! Can you believe we're that far along?

Here are this week's blocks.

There are ten blocks this week:

- #4 - Split Nine-Patch
- #16 - Lattice
- #29 - Grandma's Square
- #32 - Mr. Roosevelt's Necktie
- #41 - Big T
- #65 - Snail's Trail
- #73 - New Neighbor
- #78 - The Sickle
- #87 - Framed Nine-Patch
- #100 - Hatchet

Have you been reading the tips in the book? Do you have a favorite?

I have a couple that were new ideas, or where I thought "EXACTLY!"

*TIP No. 1 – When making a new pattern, jump to the cutting list - you may not have a ½ yard of a pink floral, but maybe you have scraps and strips or fat quarters that are sufficient to cut what you need. So look before you shop! (Or shop your stash first!)*

There are more blocks to share from Instagram.

These Week 4 Blocks are by Lynda Plamann.

*TIP No. 2 – Use the camera in your phone to help with layouts! (More tips related to this in the book.)*

Carol Shriver - Week 5 Blocks.

*TIP No. 3 – Don't empty your sewing room trash bin until the project you're working on is finished. Sometimes you need to hunt through the trash for that last little piece to fix a mistake.*

Stacy Iest Hsu used Teal and Orange from her Jungle Paradise collection for the Week 6 Blocks.

Wouldn't these blocks be pretty with these fabrics?
