I wanted rolling hills, thatched roof houses, English country gardens, running bunnies, roaming sheep and an occasional cat.

It is my idea of heaven and I found it in the Cotswolds. I love that area so it became the inspiration for Cottontail Cottage. The fabrics in this line are light and airy with happy colors that blend perfectly into a summer quilt. I hope you enjoy this line as much as I enjoyed designing it. Cottontail Cottage has just enough whimsy to make anyone smile.
