

# HARMONY

*Sweetwater*

The month of January isn't high on the list of most people's favorite months, including ours. And then it inspired our Harmony collection.

Right after Christmas, at the coldest time of the year, our favorite home decor store debuts it's Spring catalog. (I'm sure most of you can guess what store it is.) It's always my favorite because, without fail, it features the most beautiful shade of blue. They call it "Indigo", which is a much fancier word than blue. But it's still blue. Whatever name it's given, that blue makes me happy, even in what might be the dreariest month of the year.

SW P257 / SW P257G
