

Harper's Garden

by Sherri & Chelsi

A childhood butterfly garden kit and a neighbor's garden inspired a lifelong love of color, flowers, creative expression, exploration, and curiosity. Named after Chelsi's daughter, Harper's Garden mixes beautiful floral prints and geometric basics to make a collection that captures that spirit and inspires creativity.

Delicate butterflies flutter through a field of flowers, while a variety of medium- and small-scale prints mixing flowers, vines, circles, and cross-stitches complete the collection. The colors are our favorite soft coral and geranium red mixed with taupe, green, blue, navy, and cream to embody a happy springtime array.
