

Abloom

by Corey Yoder of
Coriander Quilts

ABLOOM IS FULL OF CORALS, APRICOTS, AND PEACHES mixed with light and dark grays (my favorites!) and a warm green. Are you getting a little bit of an Apricot & Ash throwback vibe? To this beautiful palette, I've also added a wonderful spring-time aqua.

These colors are the perfect backdrop for a garden of roses. No garden would be complete without sweet birdies chirping in and out of their happy bird houses, and you'll find both in Abloom. I've included one of my signature sketchy florals, a fun polka dot, and a stitched plaid (perfect for bindings).

I have also "stitched" up something special for this collection with a delightful panel that you are going to want to use for so many things! Use it in quilts, bags, aprons, and more. It's perfect for hand stitching or leaving it as is to add to your favorite projects. This collection has so many fun details, colors, and prints and I can't wait to see what you make with it.

Happy Stitching! -Corey
