

Frivolity

Sweetfire Road DESIGN CO.

A GORGEOUS PALETTE of peach, fern, marigold and spicy red dances together on a rich cream background in my new collection, Frivolity. Filled with lush ferns, wild dahlias and tiny mushrooms, I imagined a delightful tea party in the forest when designing this fanciful collection. Take a sip of chamomile tea and look closely to spot a curious critter (or two) tucked sweetly within the prints.

In Frivolity, you'll discover versatile patterns inspired by the wild beauty of nature and a charming set of panels to encourage your own beautiful pillows and quilts. This collection's rich and enchanting color palette is ready to inspire the most dreamy quilts...

Mix and match Frivolity with prints from my popular Evermore collection for the perfect romantic pairing!
