The beleaguered honeybee needs our love now more than ever. “Won’t you *Bee My Honey*, oh tiny wee one? Come look,” I whisper. “This year I’ve planted extra honeysuckle, dozens of butterfly bushes, patches of phlox, and a field of clover for your nectar needs. Your journey is long and hard; let us help!”

For every yard of *Bee My Honey* that is sold, designer MaryJane Butters is able to continue supporting the important work of TheHoneybeeConservancy.org. “Thanks for bee-ing the change with me!”
