

Holiday Traditions

My husband and I started a new tradition of buying a Christmas ornament from each place we visit on our vacations. It is always so fun to see our collection grow each year as we hang them on our tree. Each one reminds us of the fun times and good memories we created with one another on those special trips.

GRADIENTS Holiday

by *moda*

Gradients Holiday prints are digitally created and printed on 100% cotton.

These prints stand alone as their own dramatic piece of art just waiting to be used in your holiday decor for throws, table covers, tree skirts, wall hangings and more!

The 60" panels are a dream come true as whole-cloth quilts and for those who enjoy thread-work and thread-painting.
