Blackbird Designs

PHOTOS COURTESY OF BLACKBIRD DESIGNS

Blues as soft as a summer's sky and browns as warm as freshly turned earth waiting for seeds to be sprinkled in furrows are the essence of our new fabric line, Nature's Basket. You will love the sweet prints so reminiscent of antique samplers - the perfect choice for a quilt that will feel as comfy as your favorite chambray shirt and look as though it was made long ago. Heart pinkeeps tied with a bit of ribbon can be made quickly for dear friends. Or tuck one into a fabric-covered sewing box with a packet of pins, needles and thread for the beginning stitcher in your life. We love the touch of warmth and calm Nature's Basket adds to our projects and so will you!
