I'm so glad we live in a world where there are Octobers.

What goes better with a hot cup of Cider than a dash of Nutmeg?!

Bake up a collection of pies, spiced breads and of course a quilt or two with our newest collection Nutmeg, a follow up to Cider and the beloved Persimmon.

Let Nutmeg be your guide into all things Fall. Crisp autumn mornings were the touches of frost pop against the vibrant colors of the changing season. Dancing leaves in shades of coral-orange, goldenrod yellows and warm faded browns play wonderfully with the beautiful blues of the sky.

A dynamic mix florals and geometric prints create a collection perfect for cozy nights by the fire. A little birdy even told me that he’s making a new appearance this time around in not one, but two prints!
