RPQP PF143  Pansy Face

“Pensée” in French, “pansy” means “thought.”

Deeply dramatic, simple and cheery, their deep, rich purple color gives them a royal presence, and commands attention. Pansy’s Posies has these lovely blooms on the main print, and in a print that plays like a toile. There are birds, spring springs, a sketched plaid, and a new Dotty Thatched for an extra spot of texture.

Flowers are the focus of the new quilts, the flower-filled, Pansy Face, and the modern Runway Strut. Both can be made with pre-cuts or yardage.
