Embroidery Block 12

Materials Needed

- (1) 9 ½" x 9 ½" background fabric square
- Embroidery Needles
- Embroidery Floss in green and red
- Erasable pen or marker
- Embroidery Hoop
- Embroidery Scissors or snips
- Optional: Light Box for tracing

Instructions:

1. Place the Embroidery Pattern Page under the background fabric square right side up. If the embroidery pattern is not visible through the fabric, use a light box to assist you in tracing the pattern.
2. Center the embroidery pattern within the 9 ½" x 9 ½" background fabric square, and trace using an erasable pen or marker.
3. Place the background fabric square within your embroidery hoop, centering the design.
4. Pick a spot to begin, thinking about the order in which you will stitch the design. Knot the thread and begin stitching.
5. Stitch until the design is complete.
6. Place a small towel on the ironing board. Next place the embroidered block face down onto the towel. Using a small towel or pressing cloth as a barrier and an iron, press the embroidered block on the wrong side. Do not use the iron directly on the front of the embroidered block. Start the iron on a low setting, increasing the temperature if needed. Press, don't pull the stitches by moving the iron.

Tips & Tricks

Although this is a holiday stitch-a-long, don't hesitate to reuse some of these embroidery designs for other spring, summer or fall projects! Transform some of these designs using different embroidery floss colors and coordinating fabric prints.
