Construction

1 Dresden Plates

(A) Align the 2 1/2" line on the EZ Dresden ruler on the dashed white line of a 5" x length of fabric strip to cut 1 wedge. Rotate the ruler to cut a second wedge. Continue cutting wedges, rotating the ruler, until you have 20 of each wedge type cut from one strip. Repeat with each of the remaining 13-5" x length of fabric strips. Cut a total of 28 sets of 20 matching wedges.

(B) Fold the wedges in half right sides together. Stitch across the top using a 1/4" seam allowance. Fold the top right side out and press to make a point. Join 20 matching wedges to make a dresden plate. Make 22. Join 10 matching wedges to make a half plate. Make 6. Press the seams in one direction. Note: You will have 60 extra wedges.

(C) Trace 22-4" circles and 6 half circles using the patterns on the interfacing leaving at least 1" between the tracings. Cut out the circles and half circles roughly 1/2" from the drawn lines.

(D) Use the 1/2 yard cuts from the striped fabrics and the leftover background fabrics for the circles. Cut a 5" square of fabric and place a circle of interfacing on the right side. Sew on the drawn line. Trim 1/8" from the drawn line. Slit the interfacing. Turn the circle right side out. Repeat to make 22 circles.

(E) Layer the half circle interfacing on the right side of a 5" square. Sew on the curved drawn line, leaving the straight side open. Trim 1/8" from the drawn line. Turn the half circle right side out. Repeat to make 6 half circles.

(F) Appliqué the circles and half circles to the whole and half Dresden plates.
