Piece rows together to finish quilt top. Press seams open.

To create straps, cut (3)  $3\frac{3}{4}$ " wide WOF straps from sashing fabric. Trim one down to 14". Trim selvages from other two. On two long pieces, press short ends  $\frac{1}{4}$ " towards wrong side and press. On all three pieces, press in half lengthwise, wrong sides together. Open up and press each raw edge in almost to crease. Refold all creases and press entire strap. They should be about 1" wide. Topstitch along both edges  $\frac{1}{8}$ " in from edge.

On the middle block of the second row, mark 4 marks  $3\frac{1}{2}$ " in from each corner. Stick a pin through each dot, and on the back of the quilt, mark the pin's placement on the quilt back.

Place the short ends of the 14" strap in line with the marks, about  $\frac{1}{4}$ " inside them. Stitch over both short ends  $\frac{1}{4}$ " from edge to secure.

Fold each long strap and finger press to find center. Pin each strap to cover ends of short strap, centered between marks and with outer edge aligned at marks as shown. Topstitch a square and an X to secure.

To roll blanket, place face up. Bring side edges in, folding quilt into thirds. Fold top edge down almost to strap stitching. From bottom, roll quilt up. Tie both long straps around quilt roll to secure.
