

## Winter Frost - Countdown to Christmas 2020

One of our favorite times of the year at the Moda Bake Shop is right around the corner! Each year we spend the month of December sharing and making a new quilt block each day leading up to December 25. It's a fun little treat to enjoy each day during the holiday season!

Some info for our Winter Frost - 2020 Countdown to Christmas:

- Our 2020 theme is Winter Frost. Look for blocks that evoke snow, winter, and hygge (the Norwegian word for cozy!)
- Blocks will range in size from 4" to 18" - most blocks will be offered with 2 size options.
- Fabric requirements include 14 fat quarters, 3 yards of a background fabric, and 1 yard of accent fabric. If you have a favorite print that you'd like to highlight, be sure to get half a yard so you can sprinkle a bit in each block.
- The Countdown begins on December 1. We will post daily through December 25 with a bonus block on December 26.
- We are using a palette of frosty hues this year. Here is the list of basics we will use in our blocks:
  - **Background:** 30150-101 - Grunge WHITE PAPER
  - 30150-406 - Grunge CLEAR WATER
