

# Cake Mix<sup>®</sup> Recipes

## Cake Mixes & Cupcakes!

We're baking Layer Cakes and Charm Squares into blocks with triangle papers sized to fit!

We call them "recipes" and each pad comes with a couple of block options and simple setting options. There are twelve Cake Mix recipes and four Cupcake recipes.

Layer the two fabric squares with right sides together - and the lighter fabric on top. Lay the paper on top and pin to secure. Follow the directions on the paper to stitch and make enough half-triangle squares for one or two blocks! Some blocks have other parts included.

Note: Some recipes require two sheets to make a single block.

## Bon Appetit!
