

Multi Purpose Pocket Knife

The OLFA Multi Purpose Touch Knife is a convenient small size, perfect for carrying in your pocket, purse or keeping at your desk. Utilize this disposable, key-chained sized tool for opening cardboard boxes, letters, poly-bags, plastic packaging, tape, cutting threads and more.

The stainless steel blade stays sharp through volumes of cuts and automatically retracts when the slide is released. The small blade extends to 10mm with a simple push of the slide. There's a hole at the base so you can use it on a keychain or lanyard. Display is a great size to put on your counter for impulse purchases.
